Position Statements

YOUNG PEOPLE AND VULNERABLE ADULTS

Hastings Tennis & Squash is committed to the safety and well-being of all young people, aged 18 years or under, and vulnerable adults who participate in any aspect of our sport.

The responsibility for safeguarding young people and vulnerable adults lies with all participants who play a role in their lives. This refers to all who work directly and indirectly with young people and adults, including those responsible for the administration and coordinating the squash environment.

Adults should at all times establish and maintain appropriate professional boundaries in their relationships with athletes.

Good Practice Guidelines

Good practice when working with young people or vulnerable adults means always:

- Putting the fun, safety and wellbeing of young people / vulnerable adults first at all times
- Treating all athletes equally with dignity and respect
- Working in an open environment, avoiding private or unobserved situations and encouraging open communication
- Taking all suspicions, poor practice and allegations seriously and reporting swiftly and appropriately
- Letting the appropriate authorities determine whether or not abuse has taken place
- Securing parental consent in writing to act in loco parentis, if the need arises to administer emergency first aid and / or other medical treatment
- Ensuring any form of abuse or harassment is challenged and reported appropriately
- Knowing and understanding the Member Protection Policy

Where a coach believes, it is necessary to touch an athlete in order to correct technique, it is important that they:

- Consult with the parent / caregiver
- Ensure the athlete is made aware of the contact and gives consent
- Consider the appropriateness of the ways in which technique is enhanced involving touch

Handling Concerns / Disclosures

Disclosures of abuse or harassment may be made by the person affected or another person who directly observes such behaviour. The following is a guide to handling concerns or disclosures:

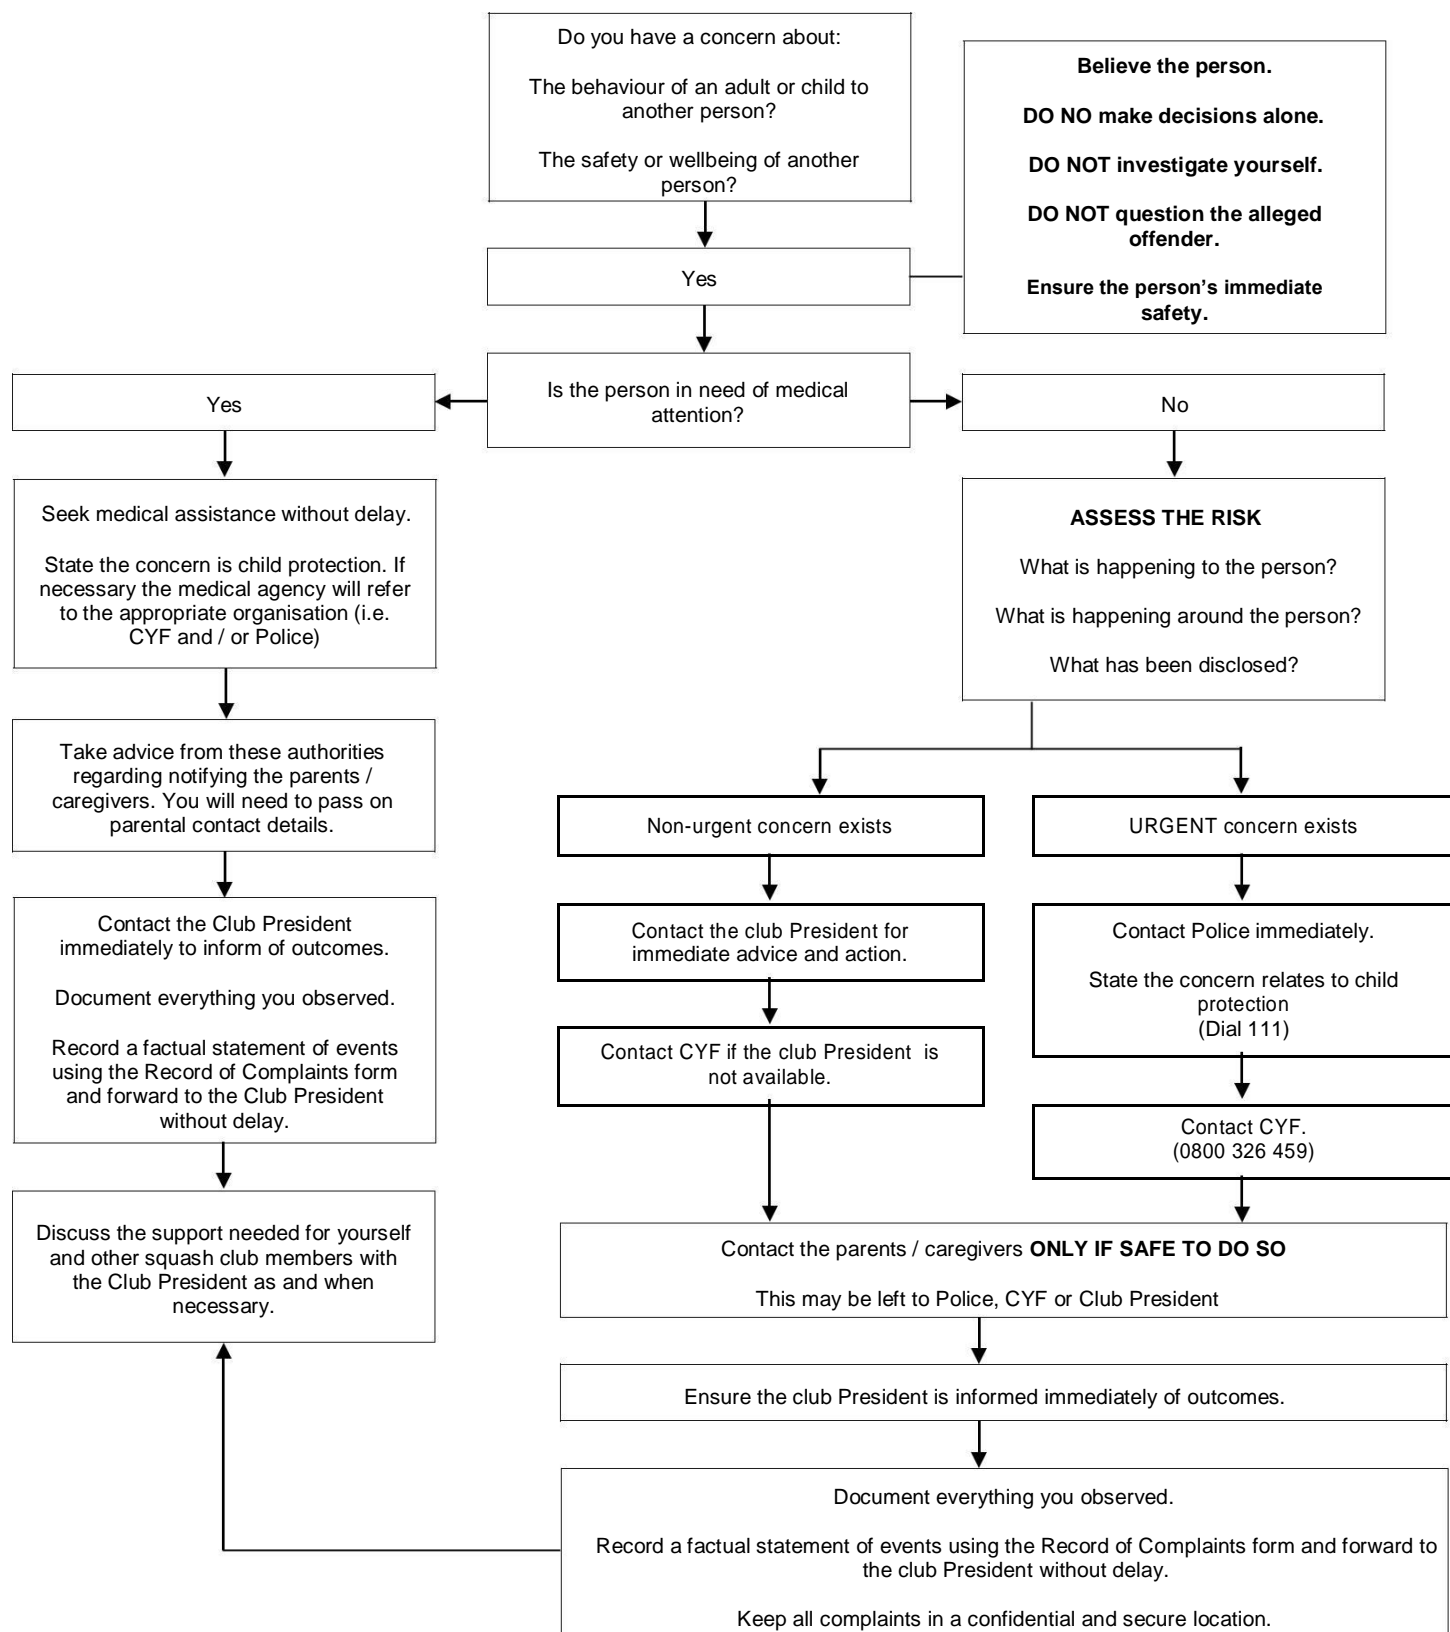

- If a young person or vulnerable adult discloses concerning information you should react calmly, listen and believe the person.
- If you have observed behaviour by another person to a young person or vulnerable adult that causes you concern, you do not have to discuss this with them but can contact the Protection Advisor to seek advice. Your name will be kept confidential.
- At any time you can bypass the President or his/her advisor and go directly to Child, Youth and Family (CYF) or the Police.

Legal Issues

When disclosures or observations of abuse are made, those to whom disclosure is made are required in all circumstances to follow the procedures outlined. All those involved in dealing with the issues of Protection are required to respect the provisions of confidentiality which relate to their responsibility. The Privacy Act 1993 and the Health Information Privacy Code 1994 authorise disclosure of information necessary to prevent or lessen serious and imminent harm to any individual to statutory social workers or the Police. The Children, Young Persons and their Families Act 1989 also gives way to privacy under certain circumstances.

RESPONDING TO COMPLAINTS PROCEDURE

These procedures aim to ensure that all suspicions and / or allegations of abuse against another person are taken seriously and are dealt with in a timely and appropriate manner.

TAKING IMAGES / VIDEOS

Hastings Tennis & Squash encourages all members to be vigilant and to report any concerns arising from the taking of images or recording of videos without their knowledge immediately.

Hastings Tennis & Squash encourages all individuals and organisations, wherever practicable, to obtain parent / guardian permission before taking an image or video of a member. This excludes taking images or video recordings of award presentations or live streaming.

In the interest of protection, all members and spectators must be aware that:

- They may be asked to cease using photographic or video devices
- They may be required to seek consent directly

The athlete of the parent / caregiver wishing to take images or videos must be the main subject and not to be taken of others without appropriate consent.

No images or videos of members should be uploaded onto any website or social media site by any person without the consent of the parent / caregiver if the person is aged under 18 years.

If Hastings Tennis & Squash, uses an image of a young person they will not display personal information such as residential address, email address or phone numbers without the consent of the parent / caregiver. They will only use appropriate images or videos relevant to our sport and ensure the person is suitably clothed in a manner that promotes our sport.

If wishing to take photographic or video images of athletes, it is recommended you:

- Attempt to seek consent from the athlete and / or parent / caregiver (if under 18 years)
- Clearly state the intended purpose / use of the images
- Confirm whether you intend to publish the athletes' names alongside the images
- Securely store the images and annotate them with the date they were taken

PUBLICATIONS AND THE INTERNET

Hastings Tennis & Squash encourages the use of online sites, such as (but not limited to) websites, Facebook, Twitter and YouTube to promote our sport in a positive way. Hastings Tennis & Squash expects all members to conduct themselves appropriately when using the Internet to share information related to our sport.

Cyber Safety

Hastings Tennis & Squash encourages the use of technology to aid communication between athletes, coaches and administrators. Bullying and harassment in all forms is unacceptable in our sport and Hastings Tennis & Squash will not tolerate abusive, discriminatory, intimidating or offensive statement being made online. Such communication should be professional, brief and related to squash.

Hastings Tennis & Squash recommends the following when making online publications, postings, updates and blogs:

- Must not use offensive, provocative or hateful language / images
- Must not be misleading, false or injure the reputation of another person or organisation
- Always respect and maintain the privacy of others
- Always ask for permission before posting images on social networking sites

ANTI-DISCRIMINATION AND HARASSMENT

Hastings Tennis & Squash aims to provide a sport environment where all those involved in its activities are treated with dignity and respect, and free from harassment or discrimination.

Hastings Tennis & Squash opposes all forms of harassment, discrimination and bullying. This includes treating or proposing to treat someone less favourable because of a particular characteristic, imposing or intending to impose an unreasonable requirement, condition or practice which has an unequal, disproportionate effect of people with a particular characteristic; or any behaviour that is offensive, abusive, belittling, intimidating or threatening – whether this is face-to-face, indirectly or via communication technologies such as mobile phones and computers.

SEXUAL RELATIONSHIPS

Hastings Tennis & Squash takes the position that consensual intimate relationships (whether or not of a sexual nature) between coaches and the adult athletes they coach should be avoided as they can have harmful effects on the athlete involved, on other athletes and coaches and on the sport's public image. These relationships can also be perceived to be exploitative due to the differences in authority, power, maturity, status, influence and dependence between the coach and the athlete.

If an athlete attempts to initiate an intimate sexual relationship with a coach, it is the coach's responsibility to discourage the approach and to explain why such a relationship is not appropriate.

The coach or athlete may wish to seek advice or support from another adult if they feel harassed.

PREGNANCY

Pregnant women should be treated with respect and any unreasonable barriers to their full participation in our sport should be removed.

Hastings Tennis & Squash recommends that pregnant women wanting to participate in our sport consult with their medical advisors to ensure they make informed decisions about participation. Pregnant women should be aware that their own health and wellbeing, and that of their unborn children, should be of the utmost importance in their decision making about the way they participate in our sport.

GENDER IDENTITY

Everyone bound by this policy must treat people who identify as transgender fairly and with dignity and respect. This includes acting with sensitivity and respect where a person is undergoing gender transition. Hastings Tennis & Squash will not tolerate any unlawful discrimination or harassment of a person who identifies as transgender or transsexual or who is thought to be transgender.

Hastings Tennis & Squash recognises there is debate over whether a male to female transgender person obtains any physical advantage over other female participants. If issues of performances advantage arise, Hastings Tennis & Squash will seek advice on the application of those laws in the particular circumstances.

Complaints Procedures

Any person who considers that a member has engaged in harassment, discrimination or abuse may make a complaint. A complaint may be in relation to an act, behaviour, omission, situation or decision that the complainant considers unfair, unjustified, unlawful and / or a breach of this policy.

Complaints

The lowest level at which a matter can be dealt with should always be preferred. Therefore, if a complaint or issue of concern is related to behaviour or an incident that occurred at a club, regional or national level, then this should be reported to and handled in the following manner:

- In the first instance, the relevant club(s)
- If not resolved at club level, then the regional District Association
- If not resolved at the District level, the national body in accordance with the Hastings Tennis & Squash Constitution or other relevant policies

Every effort must be made to persist in resolving complaints at the club level, or if needed, the District level before referring to the national level. If you cannot provide evidence that you have persistently attempted to resolve your concerns, you will be directed back to the relevant level as deemed appropriate.

A complaint or issue of concern is constituted when submitted in writing. It is recognised that when complaints are of a highly sensitive nature, it may be required to preserve the anonymity of the complainant.

This record and any accompanying notes must be kept in a confidential and safe place.

Improper Complaints

Hastings Tennis & Squash aims for any complaints to have integrity and be free of unfair repercussions or victimisation against the person making the complaint. If at any point in the complaints process a complainant has knowingly made an untrue complaint or the complaint is malicious or intended to cause distress to the person complained of, the matter may be dealt with as a disciplinary matter.
